CellExchange Announces Rachel Culberson as Business Development Director

Cambridge, MA, January 3, 2006 - CellExchange, a systems integrator with a focus on building and integrating business applications, has appointed Rachel Culberson Director, Business Development for the Federal markets.

Ms Culberson brings to CellExchange 15 years of experience in the Federal technology business. Before CellExchange, she spent 9 years with Northrop Grumman where her positions included Manager for the Enterprise Integration Section, Business Operations Manager for the Systems and Software Integration Division, and Business Development Manager for the Enterprise Application and System Integration Operating Unit. Before Northrop Grumman, Ms Culberson worked with Bull Information Systems, WANG, and ANSTEC.

In her role, Ms Culberson will drive new business opportunities for CellExchange. *"Rachel will further strengthen our presence and experience for the Department of Defense market. We are excited to have her join our team."* said Ari J. Salonen, Senior Vice President and Chief Strategy Officer, CellExchange.

About CellExchange

CellExchange is a systems integrator with a focus on building and integrating business applications, primarily for Federal customers. The company's competency is in solving customers' business problems by crafting well-designed information technology solutions and delivering on all commitments using robust technologies and methodologies.
