

Brian Courtney Promoted to Senior Vice President and General Manager of CTE North America Government Solutions

Cambridge, MA, September 2, 2008 –Cambridge Technology Enterprises Limited (CTE), parent Company of CTE North American Government Solutions, a global IT services provider and recognized as a leading provider of SOA based solutions and Enterprise Transformation applications to mid-size enterprises of Global 2000 enterprises, today announced the promotion of Brian Courtney as Senior Vice President and General Manager of Government solutions arm of CTE. In his new role, Brian leads the government operations of the Company and assumes responsibility of all programs.

Brian joined CTE in 2005 and has held key roles in corporate strategy, business development, delivery, and operations for CTE's commercial business. Brian earned his masters in Computer Science from the University of Massachusetts, and his MBA from the MIT Sloan Fellows MBA Program. Brian brings with him nearly 20 years of IT industry experience. Prior to joining CTE, Brian worked as an independent consultant for HP Medical, BBN, Massachusetts General, and others. He also worked at PTC and Smith & Nephew in senior technology, product development, and marketing and operational roles.

Bhaskar Panigrahi, CEO Cambridge Technology Enterprises (CTE), said, "Brian's deep technical and business experience has been of great value to CTE. He has a tremendous track record of executing against CTE's key strategic initiatives and is the right leader to drive CTE's Government Business."

"I've been very fortunate over the past three years to actively participate in CTE's growth. I'm excited about joining CTE's North American Government Solutions Business. I'm looking forward to working with the team to grow our business by bringing high quality, innovative solutions to the US Government." said Brian Courtney, Senior Vice President and General Manager of Government Solutions, Cambridge Technology Enterprises.

About CTE North America Government

Founded in 2000 in Cambridge, MA, CTE North America Government (CTE- NA, formerly CellExchange) is a small- business systems integrator that assembles innovative IT solutions. CTE-NA focuses on developing high-volume transactional systems integrated with legacy infrastructures.
